

HYDRO TANK – MOROCCO

Below 2 pictures of a **ZINGA** application to protect the inside of a water cleaner in Casablanca, Morocco.

These works have been executed on several tanks for several Moroccan towns, in 2006.

This hydro tank (mounted on a truck) is used for unblocking and cleaning the public drainage pipelines in town which are regularly blocked by mud and other waste products.

System:

Sandblasting SA 2.5

ZINGA 1 X 80 µm DFT

(with brush and roller)

Local PU topcoat
