

## AGOCO Fire Fighting Pipeline system – Tobruk, LIBYA

In January 2022 the Libyan ZINGA Distributor, ZINCCO Ltd., started the supply of a ZINGA Duplex System which was retained by AGOCO – Arabian Gulf Oil Company – for the protection of 22,000 m<sup>2</sup> of the external surfaces of the fire fighting pipeline system of their Tobruk Refinery. The ZINGA System was applied by a qualified coating contractor, AL-BROUG OIL SERVICES Cy. In total 14 tons of ZINGA were used, 3500 Litres ZINGALUFER (PU) and 2900 Litres ZINGAFINISH (PU). The works were delivered in September 2022.

The ZINCCO Team provided a full technical assistance and support to the **AGOCO** client.
